

Summer Series race #1 Long Arm Dam, May 1, 2018

Below are the results from this evenings 4.9 mile handicap run at Long Arm dam. Handicaps were determined based on recent 5 mile times and actual times were adjusted to get the handicap time. Apologies if this differs from what we announced at the run. All I can say is this was a long day. Next run will be in two weeks at the South West high school track.

Thanks to all.
Kev
