

Summer Series Race #3, 2017

Hello all,

Results from tonight's summer series below. This was a 3 mile predicated time run. Runners predicted a finish time before they started and then ran without watches. The difference between their actual time and predicted time was used to determine results.

Next run is in two weeks at Sheppard Myers dam. That will be a 4.5 mile team run with teams determined at random.

thanks to all

Kev

Runner	Predicted Time	Actual Time	Difference	Place
Eric Mcgillvray	0:22:45	0:22:44	0:00:01	1
